**legero – a declaration of love to the feet of your customers.**

We  
put all  
our  
love  
into  
making  
our  
shoes.

# Love is felt.

Felt in our carefully selected materials of premium quality.

Felt in our design, exclusively for the benefit of our feet (and our eyes).

Felt in our careful production and sales.

Felt in every thought and step we take together with our shoes. And ultimately felt in the exceptional comfort our customers enjoy.

**Love  
comes  
in many  
shapes.**

The feet of our customers as well.  
We focus on the comfort and wellbeing  
of feet. For this reason, we never stop  
optimising our product with a loving  
eye for detail.

Our shoes are meticulously checked  
to make sure they are easy to put on  
and tie. In addition, their cushioning,  
breathability and fit are verified.  
After all, a legero is committed to live up  
to the highest expectations.

Lightness, softness and flexibility are  
essential features to make a legero your  
ideal companion.

# Love is always right.

When it comes to materials and manufacturing methods, doing the right thing means having exceptionally high standards. From soft, smooth and breathable calf nappa leather to the best lining materials, such as leather, loden, textile or lambskin – all our materials have one thing in common: highest quality and passion you can see and feel.

# Love is beauty.

All this and more we do to show a simple truth: every woman is beautiful. In her own way and her own style, being a part of her throughout her life. Whether chic or casual – our shoes forge the perfect bridge and fit both everyday and special occasions.
